

Legend for CORE Map and Data File

This legend accompanies the Excel data file and map, which are updated monthly at <https://californiacore.org/voucher-funding-map/>. Dataset includes vouchers Issued and redeemed since 2020.

Last updated on 11/05/2024

| Data Name | Description |
|-------------------------------|--|
| Voucher ID | Voucher number assigned to voucher. |
| Equipment Type | Type of equipment. |
| Voucher Request Year | The year in which the voucher request was created. |
| Redemption Status | "Redeemed" means the equipment has been delivered and dealer / manufacturer has been reimbursed. "Unredeemed" means the voucher has been submitted, funds have been committed, and voucher can remain unredeemed for 20 months in most cases, unless otherwise approved by the California Air Resources Board. |
| Air District | The district where equipment will be domiciled. Air districts are responsible for regional air quality planning, monitoring, and stationary source and facility permitting. They administer grant programs in partnership with CARB. |
| Assembly District | The district where equipment will be domiciled. |
| Senate District | The district where equipment will be domiciled. |
| Census Tract | The tract where the equipment will be domiciled. |
| County | The county where equipment will be domiciled. |
| Zip Code | The zip code where the equipment will be domiciled. |
| Disadvantaged Community (DAC) | Denotes whether the equipment is domiciled in a census-designated DAC, based on the CalEnviroScreen version in effect on the date when the voucher was requested. |
| Small Business | Identifies whether the fleet qualified as a small business. Shows as "No Data" for purchases prior to 2023. (defined as in Government Code Section 14837 (d) (1) (A)) |
| Manufacturer | Equipment Original Equipment Manufacturer, who built the equipment. |
| Purchaser Entity | The entity that purchases the equipment. |
| Infrastructure | Indicates whether the voucher requested infrastructure. |
| Vocational Use | Type of industry the equipment is operating in. |
| Funding Amount | The dollar amount of the voucher incentive for the equipment, which can vary based on enhancements. |
